Recommended Hardware Specifications

Operating Systems (64 bit): Windows 10, Windows 8/8.1, Windows 7

Processor: Intel Core i7 or AMD equivalent

System Memory: 8 GB RAM

Disk Space: 10 GB free disk space for install

Graphics Card: NVIDIA GeForce GTX 750 or ATI Radeon HD 6950 or better*

Optical Drive: DVD-ROM

Security Device: Free USB port for the 2020 Design license ('dongle')

Notes:

- These system requirements are uniquely for 2020 Design v11. For previous version system requirements, please contact support at support@2020spaces.com
- Pointing Device: 2-button scroll mouse
- High speed internet connection for updates
- Purchasing a computer with a solid-state drive will make the entire designing experience more enjoyable.
- Running 2020 Design Version in a virtual environment such as VMware or Parallels will impact rendering performance.
- We strongly recommend a dedicated graphics card by either NVIDIA, ATI or AMD. Please avoid systems that only have integrated graphics, such as Intel HD Graphics or AMD APUs.

*To validate whether your (selected or existing) graphics card is supported please [refer to the Redway3D supported GPU list](#) for a detailed list of recommended graphics cards
